To Whom It May Concern,

This SOP is designed to establish standardized procedures and clear guidelines for the IT and Marketing Services Team. It ensures alignment in day-to-day operations, promotes consistency in service delivery, and supports effective collaboration between technical and marketing functions. By defining roles, responsibilities, and workflows, this SOP helps maintain service quality, improve efficiency, and ensure accountability across all related activities.

- Ensure consistent and efficient delivery of IT support and marketing services across the organization.
- Facilitate collaboration between IT and Marketing functions to support digital campaigns, data-driven decision-making, and technology implementation.
- Enhance productivity, accountability, and service quality by outlining clear workflows and best practices.
- Support compliance with internal policies and external regulations, while enabling scalability and adaptability in operations.

Sincerely,

Tech Binary Team

SCOPE OF THE DOCUMENT

This SOP covers all activities and operations carried out by the **IT and Online Marketing Services Team**. It applies to both the IT and Marketing departments and outlines responsibilities for key roles including **IT support staff, system administrators, digital marketing specialists, content creators, designers, and project managers.** The procedures detailed herein encompass services such as hardware and software support, network maintenance, cybersecurity, digital campaign management, branding, social media management, and analytics reporting. This **SOP is applicable across all company locations where IT and marketing services are delivered, including headquarters, remote offices, and hybrid work environments.** It ensures consistent practices regardless of location and supports seamless service delivery organization-wide.

OUR PROCESS

A Guide On How To Work With Us

INITIAL MAIL FOR THE TASK NEEDED 01

- The first step in collaborating with us is to schedule an initial email.
- Please note that work requests should not be sent via WhatsApp or Teams.
- To ensure timely support, kindly initiate your request at least 10 days before the work deadline, except for development-related tasks.

WHAT TO INCLUDE IN YOUR MESSAGE 02

- Kindly provide a clear subject line and detailed guidelines in your request to help us avoid any delays in the work process.

COLLABORATIVE PLANNING AND REPLY 03

- We will discuss your project requirements, goals, timelines, and budget with the team.
- Our aim is to respond within 1 business day. The team will acknowledge your request and may ask for additional guidelines or schedule a meeting.
- Following the initial consultation, we will prepare a recommended approach outlining the scope of work, deliverables, and timeline.

COMPLETION AND SUBMISSION 04

- The task will be successfully completed and submitted for your review.
- Please confirm receipt and let us know if any further action is required.

EXECUTION AND FEEDBACK 05

- After resolution, we'll ask for your feedback to help improve our process. Please do share the feedback.
- For complaints and queries - mail to support@techbinary.net

RULE BOOK

To ensure smooth collaboration and better outcomes, we kindly request that a few guidelines be followed.

MS TEAMS FOR COMMUNICATION

- All communications will be conducted through designated MICROSOFT TEAMS; WhatsApp is not permitted.

EVENTS PLANNING

- Preplanning would be beneficial for the teams who are participating or organising any events and need branding material on time and to avoid contacting teams on off days or holidays.

DISCONTINUATION OF SERVICES

- A two-month notice is required prior to discontinuing services. In cases of immediate termination, a fee equivalent to two months of service will be charged.

URGENT TASK CHARGES

- Please avoid marking all tasks as urgent. Urgent tasks will incur an additional fee.

CENTRALISED DATA

- All client data must be shared solely via the designated platform to ensure secure and centralized access, maintaining consistency and confidentiality.

RUSH HOURS

- Multiple & surprise changes or additional inputs may extend the timelines towards closure.
- For complex or large-scale projects (e.g., office branding or event materials), timely approvals and feedback are critical to meet deadlines.
- Changes are permitted within 2 days except development projects.
- If client is not responding - we understand task is closed

Receiving Scam mails
Email Password Leak
-REQUEST SESSIONS LOG OUT AND RESET PASSWORD

URGENT WHATSAPP!!
+91 92516 55413 (IT EXECUTIVE)

BELOW ARE NOT NOT OUR TASKS

CRM ID CREATION AND PASSWORD -
Mail to HR.group@blueberry-travel.com

MARKETING MATERIAL TO BE PRINTED -
Exports.ho@blueberry-travel.com

PRODUCTS CREATION AND ITINERARIES -
Holidays Team from Blueberry India

We requested in our last mail to share data on the platform mentioned below:

Data Collection Platform

Due to slow responses, we are giving one mail id here to share all your client images, reviews, group images, product images, distributors images which can be used further by the team on the mail id mentioned below:

DATA@TECHBINARY.NET

WHAT NOT TO SHARE ?

Please refrain from sharing any client data(names, email ids, phone no) or contact information with team members. We will provide updated guidelines on this process shortly. No sensitive information should be shared within the team at this time.

As Techbinary has started generating invoices for 2025, kindly contact below for queries related to your invoices and billing.

ACCOUNTS.TECH@TECHBINARY.NET

BE PATIENT !! ALL QUERIES WILL BE ATTENDED

Very soon, all branches will receive their invoices, and we anticipate some queries — we'll address each one patiently.
